Wine glass

restaurant

The Wine Glass Restaurant is proud to showcase excellent wines produced in the Stellenbosch area, South Africa's premier wine-producing region.

This menu lists a large, representative sample of what the region has to offer, including some of the best wines in South Africa - and the world. The wines listed are generally the latest released vintages.

MORE THAN 130 WINES BY THE GLASS

All our wines are available by-the-bottle as well as by-the-glass. Each guest can order a wine to their personal preference, or to match their food course, instead of sharing a bottle. This provides an opportunity to experiment, and perhaps enjoy a broader variety of wines than usual - including different wines with successive food courses.

Our wide selection of wines by-the-glass is but one advantage over the restricted offering typically available at other restaurants. You may also notice our very reasonable prices; the low mark-up opens the door to trying a higher value wine without needing to invest in a whole bottle.

TASTING FLIGHTS

Wines are arranged in tasting flights, according to varietal - i.e. "horizontal flights".

Each flight comprises of 6 wines. The price in the right-hand margin indicates the cost of a formal tasting. Each tasting comprises 30ml samples of the 6 wines in that flight. All the wines are brought to your table (in the bottle, to temperature), together with a set of tasting notes and a pencil for scoring. The individual labels are presented, and the waiter will share information about each wine.

This is the perfect opportunity to experiment. You choose the flight (varietal and price point) and then have the opportunity to sample those wines at leisure, perhaps returning to a favourite and tabulating a scorecard. Your palate will quickly reveal which wine you prefer regardless of price.

Many first-time visitors to the region find value in completing a flight of two of their favourite varietals before deciding which farms to visit on a tour. Others, perhaps more familiar with Stellenbosch wines, find value in comparing wines that they will never really have the opportunity to taste alongside each other. It is also the perfect way to monitor the way each wine ages in the bottle. Or vintages change.

Finally, many of the premium wines listed here are not available for tasting or by-the-glass anywhere else, including on the wine farm where it is produced. The Wine Glass Restaurant offers the perfect opportunity to experience these wines before investing in a case to cellar at home. The Apex Red tasting flight is a prime example of this.

[Note: A tasting flight experience is the perfect gift. Ask the duty manager about our vouchers.]

ENJOY!
